Re: Ex Parte Notification – WT Docket No. 99-168

Dear Ms. Salas:

On January 19, 2000, Rich Barth, Leigh Chinitz, and Jeanine Poltronieri, of Motorola, met with Ari Fitzgerald, Legal Advisor to Chairman William E. Kennard.

Motorola discussed the band plan Motorola has proposed in the above captioned proceeding, consistent with their comments filed in the proceeding. Specifically, Motorola discussed the need for the Commission to establish a prohibition on cellular architectures in the guard bands, which were established by the Commission in the *First Report and Order* in this proceeding, consistent with the Congressional directive that the Commission “ensure that public safety licensees continue to operate free of interference from any new commercial licensees.” Motorola reviewed the interference analysis as presented in its January 18 comments filed in response to the Wireless Bureau January 7 public notice in this proceeding.

Please contact Jeanine Poltronieri at (202) 371-6896 regarding any questions concerning this matter.

Respectfully Submitted,

Jeanine Poltronieri
Motorola, Inc.
